

AESCAPE FOR WELLNESS CHAINS

The recovery results your members keep coming back for.

A precision recovery system that delivers a consistent, results-driven experience every time — personalized to every member — complementing your team, filling every open hour, and turning a treatment room into recurring revenue.

THE PRODUCT

Precision bodywork, personalized every session, consistent for every member.

Body mapping

Every session starts with a real-time map of the body — targeted work from the first minute.

Real-time adaptation

Members tune pressure, focus, music, and visuals throughout. Theirs, every time.

Consistency at scale

Private and self-guided. No oils, no shower — members are back to their day in minutes.

Results that build

Outcomes improve with regular use and preferences carry over — a real reason to rebook.

THE APPAREL

Why members change into Aescape apparel.

No oils, no table linens between members, no need to shower — which is why Aescape can transform any space, and why members can make it routine.

01

It keeps the scan accurate

Every session starts by mapping the body. Some fabrics and dyes interfere with that read, so we standardize the garment — and the scan stays precise for every member, every time.

02

It lets the table glide — no oils

The touch points glide across the fabric and work both sides of the body at once — nothing is applied to the skin. No oils, no lotions.

03

Straight back to the day

No oils on the skin means no shower and no downtime — members change back and go. Full coverage in a fitted, breathable garment keeps them covered and at ease throughout.

04

Resets in minutes

A quick wipe with a disinfectant cloth and the room is ready for the next member — no table linens to change between sessions, no treatment room to turn over.

160 sets ship with every table, XXS–XXXL. Washable and reusable — laundered with your normal linen service.

WHY AESCAPE

Recovery has become a discipline — and members come back for results they can feel.

Aescape is the only recovery system that delivers the same results-driven experience every time — complementing your therapists, adding bookable capacity every open hour, and earning recurring revenue that compounds as members return.

EARNs

Members book and pay for it. Recurring revenue from a room that earns whenever the club is open — added capacity, not added complexity.

RETAINS

Members come back because they get results they can feel. Recovery becomes a measurable driver of retention and membership value.

COMPOUNDS

Outcomes improve with regular use as each session adapts to the member's body. Results build the longer they stay with it.

Recovery your members can feel, there whenever they are — and compounding as they return.

Built to out-deliver every alternative.

EASY TO DEPLOY

Minimal footprint. No buildout.

A standalone system that drops into a single room — no plumbing, no construction. White-glove delivery and installation included.

Underused treatment room · Overflow / waitlist room · Relaxation lounge · Membership lounge

FOOTPRINT

8 × 10' floor space

POWER

120V · 4–5 amps · standard outlet

CONNECTIVITY

25 Mbps · ethernet or Wi-Fi

THE ECONOMICS

A treatment room that runs without the labor line.

The same recovery demand a staffed room captures — without the therapist payroll, recruiting, or turnover, and available every open hour.

STAFFED TREATMENT ROOM	
Capacity	Staff-bound
Labor	~\$70K+ FTE
Hours	When staffed

AESCAPE · RECOVERY ROOM	
Aescape room	
Capacity	Every hour
Labor	None required
Hours	Open to close

Therapist cost figures are illustrative industry placeholders, not Aescape benchmarks; Aescape figures from internal analysis and assume a utilization level. Illustrative, not a forecast.

THE PROOF • CASE STUDY

A live property: \$13.7K a month at a \$94 average session.

A luxury resort running Aescape since December 2024 — day in, day out, alongside the spa.

\$13.7K

session

92%

Guest satisfaction

A \$94 average session held month after month, with satisfaction in the low 90s more than a year in — the room earning on its own hours rather than a therapist's.

THE NETWORK

OPT-IN

COMING SOON

Drive demand, book sessions, process payment — across the network.

The Aescape Network puts your location in front of recovery-seekers and routes incremental bookings to you — on top of the demand you already drive. **No booking or payment stack to build.**

0%

bookings from your existing system

7.5%

your members and customers, booked through the Aescape app

15%

returning bookings Aescape drives for you

30%

first-time bookings Aescape drives for you

You control how much Network demand you accept — down to zero — anytime.

Three layers. One partner-friendly commercial model.

Hardware delivers the experience. Platform keeps it performing. Network adds demand on top of your own.

HARDWARE

One-time. You own it.

A fully integrated recovery system, installed and supported. 3-year warranty with 2-year extension available, ~99% uptime, 2-business-day field SLA.

SAVE \$20,000

\$105,000 List ~~\$125,000~~

Or finance from about \$3,400/mo over 48 months, no money down. Delivery, white-glove install, training, apparel, and launch marketing assets included.

PLATFORM

Annual. Keeps it performing.

Software, remote monitoring, reporting, recovery content, and dedicated Partner Success.

SAVE \$10,000

\$10K annually per device

Bundle 5 years of Platform with your purchase and save 20%. 2-year commitment, then renews annually.

NETWORK

Opt-in. Pay for outcomes.

Discovery, booking, and incremental demand that fills the table, managed by Aescape.

COMING SOON

Pay for Performance

0% on your own demand · 7.5% your members and customers booked through the Aescape app · 15% returning · 30% on first-time Aescape users.

WHO DOES WHAT

Built to run inside your operation, not on top of it.

What Aescape handles

- Delivery, installation, and setup
- Body mapping and personalized session delivery, every time
- Unit maintenance, ~99% uptime, and 2-business-day field-repair response
- Software updates and recovery content
- Revenue dashboards, Partner Success, and growth playbooks

Opt into Network for:

- Discovery & booking platform
- Commerce & revenue tools
- Demand, lifecycle & retention marketing

What your team does

- Introduce and position Aescape within your offering, in whatever way fits your brand
- Drive local awareness and bookings through your own channels — Aescape supplies the assets
- Set your own session pricing and fit it to your membership tiers
- Decide which room it lives in and how you make it available to members
- Track revenue and utilization through the dashboard and adjust as you see fit

Get in touch.

Tell us about your locations — we'll map the revenue opportunity and walk through
how the model fits your rooms.
